

SASCU Goes Global

For two weeks in June, SASCU will share in a global adventure. Anthoinette Essandoh from Ghana, West Africa, will join SASCU for a unique training opportunity. Organized by the Canadian Cooperatives Association, the Women's Mentorship Program brings women working in the credit union system to Canada for professional development opportunities they wouldn't normally receive at home.

Given the SASCU Board of Director's commitment to corporate responsibility, this program is a natural. Not only will our guest learn about SASCU and the Shuswap, but SASCU staff will get a taste of life and work in West Africa.

In preparing for Ms. Essandoh's visit, staff can't help but put themselves into her shoes. What will she think when she first sees Shuswap Lake and then all the technology that comes in running a credit union with assets totalling \$478 million? For her part, Ms. Essandoh is a manager of a much smaller credit union – 2,947 members and just under \$2 million in assets. She, however, comes from a city of 335,000 people located on Africa's West Coast with views of the Atlantic Ocean. By the time this newsletter reaches you, Ms. Essandoh may still be with us. If so, say hello and welcome her to the Shuswap. To follow this adventure, visit **What's New** at sascu.com.

New Branch Gets Green Light

Proposed Uptown Development

It's official,

SASCU is moving ahead with plans for a second branch in Salmon Arm.

At a Strategic Planning Session this May, the SASCU Board of Directors agreed to proceed with a new branch as part of the Uptown Development. This 3-hectare site is just up from the Holiday Inn Express and will also see a second location for Askew's.

Thanks to all of you for completing our Uptown Development survey. We know this development is an investment in our members – one that offers you more convenience and access. Visit the **Branch Expansion** page at sascu.com for updates.
